# OPENING MORE DOORS FOR YOU

## *Creating Peace of Mind*

# Hi

My name is Linda Walters Founder and Director of **PROGRESSIVE REALTY**, we have been in operation since 1996. In our experience there is little help available for our Senior Citizens or as matter of fact, for anyone that has not bought or sold a property recently. We have found that there is no one helping people find out about where to start, who to talk to, the process of moving and who can help.

This is why we are committed to ensuring you are looked after, from the first appointment to the actual move. To make it easy for our clients we have created our *Five Point Plan* to show you the end to end process.

**Why?:** Because we care. We want to ensure the process you are about to undertake is as smooth as possible. The step by step plan has been designed solely by professionals with many years experience in the field to provide you with peace of mind.

**Wendy:**  
"I was selling my mums home, Progressive Realty made the selling of the house easy, transition was great, no hassles, it was done with a lot of laughter, highly recommend you guys"

Brenda has her home on the market. "They have helped me get me organised, which was hard, getting my home decluttered so it was presented well, with little suggestion to help, and I thank you for all the work that you have put in." Hopefully we will get a sale soon.

Lyn and Frank sold their properties :

"Progressive Realty has the best personalised and excellent service that I have ever experienced when selling and looking after my properties, highly recommend them."
