

**GEORGE VUONG - AWARD WINNING
AGENT IN AUSTRALIA'S TOP FIVE**

Congratulations

George Vuong

*AWARD WINNING AGENT
IN AUSTRALIA'S*

TOP 5

George Vuong makes ‘top 5’ for RE/MAX in Australia. That makes our clients winners too!

RE/MAX Masters sales associate George Vuong claimed a ‘top five’ spot in the Australian network’s sales rankings, with fifth for commission generated through the first half of this year.

Mr Vuong said forging a successful real estate career required the support of peers and mentors, along with the trust of sellers and buyers.

“This achievement is the result of developing skills across many areas, of building relationships and having an up-to-the minute grasp on the local real estate market, and communicating that well,” he said. “It is the result of giving every client the best possible real estate experience.”

RE/MAX Australia Managing Director, Joel Davoren, said real estate customers could be confident they were dealing with the industry’s best when they dealt with the Coopers Plains-based agent.

The announcement of the awards coincided with the RMX24 national event where network members conferenced at RACV Royal Pines Resort on the Gold Coast.

The multi-day program brought together top performers and industry experts who shared innovative approaches and new ideas for broker owners, agents and property managers to implement in their businesses for continued success.

“We have experienced a better start to the calendar year than the last,” said Mr Davoren, “and while we’ve seen inconsistency across markets – from ‘on fire’ to sluggish - by and large, it has still been a seller’s market.

“We still see patches of slower activity, but the very top end of the market is pumping, the sub-\$1mil properties in metro areas are flying, and the apartment and townhouse markets are strong, mostly but not exclusively in city locations.

“The great agents, who are professional and sophisticated in their business, are forging ahead and increasing their market share.”
